

## Players 360

### YOUTH 2020/2021 FALL/WINTER

Before getting into the schedules and details for the season – please read and understand the restrictions the state of IL is placing on youth & adult athletics. We will continue to put mitigation measures in place at practices as we have all Summer and plan to continue on with the development of the players & teams. When we move inside to Players – there are a lot of steps being taken to keep the facility clean and safe, including turning the air over within the building continually.

State of IL Youth Sports Restrictions: <https://dceocovid19resources.com/assets/Restore-Illinois/businessguidelines4/youthsports.pdf>

The training/practice information is set and we can be confident in that schedule, the tournaments are all tentative. The events listed in bold are our plan, if we have families committed to attend and play at those events out of state, we will take a team. The potential events are less secure because they are in state and with the current regulations will not be able to take place – but there is hope that things will change again. It is very difficult to find any regional events right now due to COVID and all of the college run 7v7s we usually attend are not happening because of NCAA restrictions.

Travel events are obviously similarly impacted and pending any more travel restrictions at the state level.

#### **CLUB FEES**

The fee structure is different from past years, there will be a:

**base club fee** (including all things practice: field space, coach payroll, equipment/admin etc.)

and a

**per tournament fee** (including all things tournaments: coaches payroll, tournament fee, coach travel & hotel if applicable, admin etc.) This fee is only applicable if a player attends a tournament and will be communicated well in advance.

Tournament fees will range from \$75-\$200 – single day local events will be significantly less than multi-day travel events.

Each seasonal session (i.e Fall/Winter, Summer) will be a separate registration and fee payment (only one tryout is needed). We will break up the balance payment into 2 payments so that we can “wait and see” if we will be moved back a phase.

#### **CREDITS & REFUNDS**

By now, we all know the potential risks for the season and the impacts of the restrictions. Below is a revised policy for club fee payments:

Deposits on base club fees: all deposits are non-refundable and non-creditable to future sessions. We have fixed expenses that we incur regardless of any factors.

Balance payments on base club fees: all payments are non-refundable – but can be credited (pro-rated for time passed) to future seasons or ANY OTHER program at Players Indoor.

Tournament fees: are non-refundable – but can be credited to any future tournament, future club fee balance payment or ANY OTHER program at Players Indoor. \*Many tournaments have changed their policies to offer NO refunds should there be a COVID related cancellation, this ends up being problematic because we must register in advance to guarantee a spot\*

## Players 360

### YOUTH 2020/2021 FALL/WINTER
